

SteamWorld Entertainment Newsletter – January 2014

Welcome to 2014. We are hoping to have a banner year with Season of the Plague in post-production and gearing up to start Reckoning.

SEASON OF THE PLAGUE

The long awaited Episode 3 is now up on YouTube: http://www.youtube.com/watch?v=zqtpYM_v70E

We are well into post on Episode 4. Mostly the initial editing is done. Just a bit of CGI, then filters and music. It will not take nearly as long to complete. So look for it soon.

RECKONING

We are well into pre-production. The main character are cast as well as most of the secondary recurring characters. We will be holding auditions in April to round out the cast. We are pleased to welcome Justine Moses on board as our fight choreographer and are currently in negotiations with a talented director to join the crew. The search for locations is now in high gear. We are still looking for people to come on board as camera and sound operators and production assistants. You don't need experience. We can teach you what you will need to know. You do need a keen desire to learn.

We will also be looking for construction personnel, costumers, hair and make-up artists in the next couple of months.

Please take a moment to follow our website. We update the Production Journal every couple of days and as more information comes available the site is expanded. You can find it at:
<http://www.reckoningtheseries.com/>

The trailer has been filmed. Editing is proceeding well and the CGI is about to be started. We purchased the main theme music but we are still looking for composers who can contribute original scores.

WORKSHOPS

We are pleased to present the first workshop in our film series: Film Making 101

With more and more original content being created and viewed on line, now, more than ever, is the time for the small independent film maker. We can tell the stories we want to tell without the confines of censorship. Film Making 101 will help introduce you to the process: from script, through pre-production, production, post-production and beyond. Come and meet other film makers, share resources and learn to avoid the mistakes of fledgling film makers. Feel free to bring a couple of pages of a script you are currently working on and we will use it to help you through the process.

Your workshop facilitators will be Danny Dorion and Craig Stewart, between them 20 years of independent film making experience.

The workshop will be held on Saturday, January 18, 2014, 10:00 am to 1:00 pm. Refreshments will be provided. The cost is \$25.00 at the door. If you email me that you are attending you will get the pre-

registered cost of \$20.00, payable when you arrive. Email me at:
danute@steamworldentertainment.com

Location is the MCC - 43 Queen Street South, 2nd Floor , downtown Kitchener

SHORT FILM CHALLENGE

FBN Multimedia is hosting a 72 hour Film Challenge. That means you have that long to write, film, edit and complete a short film based on criteria provided by FBN Multimedia at the event kick off. A film challenge is a wonderful way to get those creative muscles moving.

Details can be found here: <http://www.theworkingcentre.org/node/4741>

FINAL WORDS

That's it for now. We hope you had a wonderful holiday season with friends and family and look forward to see many of you in the coming year.

Remember, that together, we can make awesome movies.

Danny
